Education & Certificate

🎓 Law, DSUIA

📜 Google UX Design Professional Certificate

HANNA TKACHENKO

UX/UI Designer

About me

I am a creative UX/UI designer with a background in law and a passion for intuitive, aesthetic and functional digital experiences. I have expanded my knowledge through the Google UX Design Professional Certificate and numerous independent projects. I am proficient in modern design tools and work in a user-centred way to create innovative and engaging interfaces.

Experience

🎨 UI design - visual design, prototyping, design systems

📊 UX research - user flows, wireframing, usability tests

⚡ Tools - Figma, Adobe XD,

🧠 Creative & analytical thinking

Projects & Experience

As I am actively developing in the UX/UI field, I have already realised several projects of my own, including

- Conception and design of web and mobile apps (wireframes, high-fidelity designs)
- Creation of interactive prototypes to simulate user interactions.
- User research and usability tests to adapt designs to real needs.
- Design for accessible and responsive interfaces

Why me?

I combine an analytical mindset from law with creative UX/UI design. My self-taught approach and ability to quickly learn new tools and methods make me a motivated and eager-to-learn designer. I am looking for an opportunity to put my knowledge into practice and create great digital experiences.

✉️ I look forward to exciting challenges and creative collaboration! 😊
